

BAT WALKS AT THE WILLIAM PENGELLY CAVE STUDIES CENTRE

Join a walk at dusk to see bats flying through the trees on Buckfastleigh Hill. Learn about the different species seen locally and use a bat detector to identify the bats that you will see during the walk.

These walks are every Thursday in August. You must book in advance. To do this go to **Eventbrite** or to <https://pengellytrust.org/> where the start times are shown.

Adult £6
School age child £3

You will need warm clothing. We will lend you a bat detector and a torch and help you to use these.

Find us at Russets Lane, Buckfastleigh, TQ11 0DY. Look for signs at the foot of the Lane.
